## 【Product Description】

The M171 Magnetic Wireless Charger with Cleaning Kit is a multifunctional charging and maintenance accessory designed for mobile devices. It combines 15W magnetic wireless charging, multiple charging adapters, a cleaning tool set, and a built-in mirror and phone stand—making it an ideal choice for travel, office, and daily use.

【Tech Specs】

Technical Specification	Description
Model	M171
Product Type	Magnetic Wireless Charger with Cleaning Kit
Color	Black
Cable Type	Type-C to Type-C Cable
Cable Length	25cm
Cable Output	20V / 3A (Max 60W)
Data Transfer Speed	480 Mbps
Adapters Included	Type-c to Lightning adapter USB-A to Type-c adapter Type-c to micro USB adapte
Wireless Charging	Magnetic wireless charging Up to 15W
Additional Tools	Card removal tool, SIM card
Additional Components	Cleaning tool set, small mirror
Additional Features	Phone stand
Material	ABS + PVC

【Features】

- Magnetic Charging:** Strong magnetic alignment ensures secure wireless charging.
  - High Output Power:** Supports up to 15W fast wireless charging.
  - Multi-Port Compatibility:** Includes three adapter types for various devices.
  - Compact Cable Design:** 25cm Type-C to Type-C cable with 60W PD support.
  - Cleaning Kit Integration:** Built-in cleaning tools for device maintenance.

- 6. Mirror and Stand:** Features a small mirror and foldable phone stand function.

### 【Application Environment】

- 1. Suitable Devices:** Smartphones, tablets, and wireless charging-enabled accessories.
- 2. Compatible Systems:** iOS, Android, and other Qi-compatible devices.
- 3. Ideal Use Scenarios:** Travel, office, home, and outdoor use.

### 【Important Notice】

- 1. Power Adapter Requirement:** Use certified adapters to ensure optimal charging performance.
- 2. Environmental Condition:** Avoid exposure to moisture, high temperature, or direct sunlight.
- 3. Cable Handling:** Do not bend or pull the cable excessively to prevent damage.
- 4. Magnetic Caution:** Keep away from magnetic-sensitive items during wireless charging.
- 5. Cleaning Instruction:** Clean the charging surface regularly to maintain efficiency.
